Headache Treatment

If you have severe headache or even migraines, you can expect a reduction in the frequency and severity of your headaches with our treatment. In fact, you can be free of headaches totally. Headaches are normally caused by a combination of factors. Therefore our treatment combines teaching of self management techniques with the release of headache creating tension.

This can include your neck, face, jaw and sometimes even include your eyes. You will know if our treatments help within a few treatments.

For more detailed information see: www.oos.co.nz/headache.html

Before

Leg ulcers and Leg pain due to impaired blood circulation

Our Vacusac treatment is a totally **non invasive** vacuum therapy treatment which helps restore blood circulation.

After

This treatment is now fully operational and achieves remarkable results. In many cases surgery can be avoided. If suffering from leg ulcers or leg pain, ask your GP if increased blood circulation could help your problem.If so give us a call on 3772577.

For more detailed information see: www.oos.co.nz/vacusac.html

Treatment of OOS & Chronic Pain

Most people do not know that ACC still pays for OOS treatment.

Yes OOS physiotherapy treatment is still FREE whilst ACC decides whether they will accept your claim or not.

Even if your claim is declined, all treatments you have had up until then will be paid for by ACC.

To get OOS treatments for free you need a referral from a GP and should come immediately (do not wait until ACC has decided about your claim, physiotherapy treatment is funded by ACC immediately)
